Patient Statements

Accelerate your statement process

We can manage the cumbersome statement process for you.

- Eliminate time-consuming paperwork
- Accelerate processing
- Reduce costs

Increase your efficiency.

- Increase your operating efficiency by reducing printing and labor expenses.
- Save space by no longer maintaining statement printing inventory.
- Use OCR scan lines and bar codes to improve remittance processing.
- Receive notifications of address changes via email.

Receive flexibility and customization options.

- Patient Statements gives you flexibility in design, along with variable data mapping to create a professional looking statement.
- Customize your statements by changing messaging without the worry of additional reporting expenses.
- Schedule statements monthly, bimonthly, weekly or request individual statements using the “on demand” option.
- Send collection letters, customer newsletters, recall notices and announcement inserts.
Improve your cash flow.

- Statements are processed and sent more quickly with CSC.
- Postnet bar coding expedites delivery and payment receipt.

Improve your customer satisfaction.

Statement details are clearly organized, and received in a timely manner. Credit card payment options are included, along with a return envelope for easy payment.

Leave the work to CSC.

We’ll retrieve statements on your schedule, and send you an email or fax with your statement run statistics.

You’ll have access to reports including a statement digest of patient receipt.

Simply reply to confirm or reject to reschedule the statement run.

How to get started.

1. Complete new client paperwork.
2. CSC installs the necessary software.
3. CSC sets up your statement options, cycles and layout.
4. CSC runs a sample set of statements for your approval.
